MEETING TONIGHT

N., C. & St. L. Has Not Even an Acting President.

The position of the Nashville, Chattanooga and St. Louis railway is a peculiar one in that its executive staff did not include a vice-president as the other roads of the country do. In that event the vice-president would have assumed the duties of the president until a successor was chosen or until such time as the board of directors chose to elect a successor.

It is understood that a meeting will be held at Atlanta tonight in relation to certain matters in connection with the Nashville, Chattanooga and St. Louis railway, and it is rumored that the meeting will have something to do with choosing a successor to Maj. Thomas.
